"Through five careers, I have dealt with a wide variety of businesses and people. I can say categorically that none have been better than Augusta. Ron, Devlyn and Cierra were extremely knowledgeable (about the economy generally and the precious metals market in particular). They were efficient and the most pleasant people to work with. Every promise was kept on exactly the timetable promised. I would gladly do business with them again."

"I really wanted to learn more about precious metals, and I was blown away by how much the Augusta rep knows about the gold and silver markets and how metals work. And another thing: they are not pushy. They believe in letting people make their own decisions. Refreshing experience..."

"I would give my experience with Augusta Precious Metals 5 stars. Bruce and Jasmine have been very helpful with their guidance and patience. I chose A.P.M. because of its many years in the business, the BBB rating and company reviews. Also Raquel has done a great job of tracking down the progress of my orders and keeping me informed."
